

TAC Commissioners Service Patch (CSP)

The Transatlantic Council Commissioners Service Patch for Commissioners is a newly designed Council Shoulder Patch created exclusively for TAC Commissioners. This CSP is available only to registered TAC Commissioners who meet specific criteria outlined in the submission form that follows. Sales of the Commissioner-only CSP are limited to one per commissioner. Requests for additional patches must receive written approval from the Council Commissioner or a designated Assistant Council Commissioner (ACC).

The TAC Commissioners Service Patch initiative is a strategic tool designed to enhance recruitment, retention, and engagement within the TAC Commissioner Corps. By providing commissioners with a visible and meaningful symbol of recognition, the CSP fosters pride, strengthens connections, and encourages ongoing involvement.

TAC Commissioners Service Patch Submission Form

The following commissioner has successfully completed the requirements for the TAC Commissioners Service Patch.

Name: _____

Commissioner Position: _____

Date Position Specific Training Completed: _____

Date Arrowhead Honor Award Approved: _____
