

Counting aid for garden birds

Ready to count? Here's how it works: Record the highest number of each bird species you see at the same time in an hour.

Counting Example:

If you see two blackbirds at the same time, please write down the number 2.

Amsel - Blackbird

2 | | | | |
Highest Count

If you then see four blackbirds at the same time, please write down the number 4.

4 | | | | |
Highest Count

If you see three blackbirds later, the highest number, in this case 4, remains.

4 | | | | | ✓
Highest Count

Report your observations!

No later than 10 days after the start of the campaign.

Online at www.NABU.de/onlinemeldung

Please – if possible – use the online reporting, that saves costs.

By telephone in German on **Saturday from 10am - 6pm.**

Toll-free **0800 11 57 115.**

15 common garden birds

Further information and the results of the campaign can be found at:
