Heritage in Action Award

In celebration of the 250th anniversary of the United States, the Transatlantic Council is proud to introduce the America 250 Heritage in Action Award. Scouts living overseas experience American identity in a uniquely global context. The America 250 Heritage in Action Award reflects not just where the nation began, but how its ideals are lived around the world today.

Participants may earn the award by completing requirements in three categories:

LEARN: Understanding history and values

PARTICIPATE: Engaging in events and community

ACT: Serving and making a difference

Award Requirements

- ★ Each Scout (or adult) completes a minimum number of requirements from each category, appropriate to their program level between Jan 1, 2026, and Dec 31, 2026.
- ★ Completion of activities must be approved by your Unit Leader.
- ★ Your registration with the Transatlantic Council must be up to date.
- ★ Award forms must be submitted by Jan 31, 2027, to receive the award.
- ★ You must complete the requirements associated with your current Scouting America registration.

Submit a copy of your completed booklet to TAC-ServiceCenter-802@scouting.org, using subject line: **Heritage in Action Award**.

Cub Scouts

Cub Scouts may complete America 250 Award requirements individually, but they are especially encouraged to explore them together as a den or even as an entire pack. Working as a group, through shared activities, discussions, and service projects, makes the experience more engaging and fun, while helping Scouts learn from one another and build stronger connections.
